LOCKSMITHS

FACTORY  
WOLLASTON, MASS.

7 DOCK SQUARE  
BOSTON, MASS.

Above illustration is one set of No. 23 glass door knobs ( $\frac{2}{3}$  size) showing our adjustable spindle, style trimming, rose, etc.

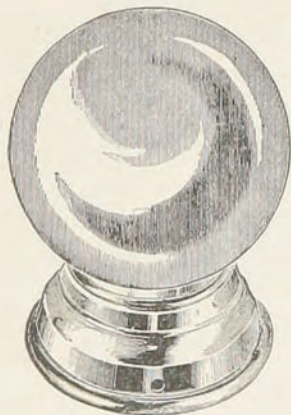

It is necessary in ordering all knobs to send thickness of doors, as above adjustment is only  $\frac{3}{32}$  of an inch.

Knobs may be ordered in half sets with spindles drilled with three holes for side screw knob (see page 20, cut O) or in half sets with closet washer (see page 20, cut M).

All knobs in this catalog may be had in the following sizes:  $2\frac{1}{2}$ ,  $2\frac{1}{4}$ ,  $1\frac{3}{4}$ , and  $1\frac{1}{4}$  inch diameter, arranged in sets, half sets, or as drawer, shutter, or latch knobs and bell pulls (see illustrations on page 20).

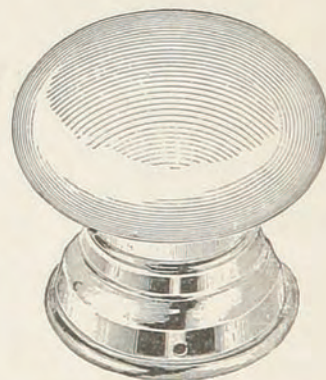

With exceptions of Nos. 47, 48, and 39

## Glass Knobs
