Reco Lock Sets

No. 2156 ELEUSIS
Left Hand, Outside

FINISHES: No. 7½, ANTIQUE COPPER, MOTTLED; No. 9C, ANTIQUE BRASS, BASE OF RELIEF OXIDIZED.

Three German Silver Keys

No.
2156 Eleusis
2150 Eleusis

For Office and Vestibule Doors
With Dead Bolt. For Front Doors of Residences
One set in a box, with screws.

Per Set.
Finishes Nos.
7½ and 9C.
91/9
108/10

KNOBS: Solid Cast Bronze Metal, 2½ inches diameter.

ESCUTCHEONS: Cast Bronze Metal, size, 4¾ × 3⅛ inches.

LOCK: Size, 4¾ × 3⅛ inches; Backset, 3 inches; Bevel, ⅛ on 2 inches. Reversible, for right or left hand doors, from 1⅛ to 3 inches thick. When ordering specify Hand, Thickness of Door, and Finish wanted.

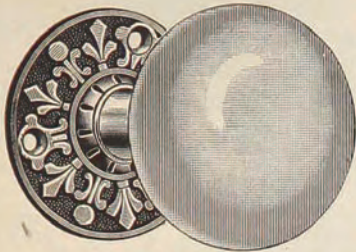

The outside knob contains a Russwin ball-bearing pin-tumbler cylinder. When the outside knob is stopped, one turn of the key withdraws the dead bolt and a second turn operates the latch. Can be master-keyed in sets of any number of locks, all different, at additional cost.

The lock No. 2150, in various designs, has thumb-piece on the inside which throws the dead bolt, making the use of key necessary from outside.

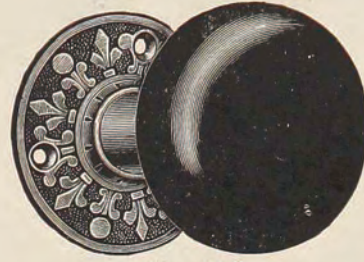

Reco Lock Sets are shipped from the factory with all parts attached (and properly adjusted) as illustrated. This adjustment is never disturbed and absolute perfection of action is in consequence secured.
